COMET
BAUANLEITUNG!

LEGO RACERS

Der rote Flitzer Comet hat einen ultrastarken Motor. Er ist schneller als alles andere auf Rädern und hat bereits fünf Mal die Power Racers-Weltmeisterschaft gewonnen. Damit ist er auf dem besten Weg, alle Rekorde zu brechen.

Du kannst diesen Rennwagen aus Teilen des Drachen Rennwagens (8227) und des Kugelblitzes (8228) zusammenbauen.
